PROFESSIONAL EXPERIENCE

Zak! Designs, Spokane WA — *Graphic Design Intern*   June – September 2022
- Collaborated with brands (licensers) such as Dreamworks, Disney, and Sanrio to design branded cups and decals using Adobe Illustrator and Photoshop. Designs were manufactured and sold to customers such as Walmart, Target, and CVS, making over $200,000 of revenue for the studio.
- Met with product managers, marketers, and project specialists to iterate on designs, forecast which products would be most successful, and get mockups approved by brands.
- Designed social media posts and made posters to promote and raise awareness of social events at work.

DashQuill, Seattle, WA — *Graphic Designer*   2021 – 2022
- Used customer interviews and feedback to help the team refine their branding, message, and value proposition. Branding was used in pitches which helped secure two grants for the startup from University of Washington and Vanderbilt University.
- Redesigned landing page to look modern and convey company mission statement more clearly. Website click through rate improved, and customer interviews reflected a positive view of the change.

Sharetea, Bothell, WA — *Bobarista*   2021 – 2022
- Managed point of sale system to take orders and process payments in a fast-paced work environment. Fostered positive customer experience and kept business operations flowing smoothly.
